BICYCLE USE: SAFETY AND RESPONSIBILITY

Dear Parent,

Greetings from WISE Indian Private School!

It has come to our attention that some students are using bicycle/electronic scooter as a mode of transport, unaccompanied by guardian. We would like to remind the parent that while we encourage eco-friendly modes of transport, ensuring the safety of our children is of utmost importance to us. Therefore, it is essential that we collectively ensure our students are aware of and adhere to safety precautions while riding.

To ensure the safety of our students, we advise the following **safety measures for those commuting by bicycle:**

- Always wear a properly fitted helmet.
- Ensure the bicycle is well-maintained, with working brakes and reflectors.
- Use a sturdy lock to secure the bicycle in the designated parking area.
- Wear knee pads for additional protection in case of a fall.
- Parents are encouraged to review the route with their children to ensure it is safe and manageable.

Kindly note that if your child uses the bicycle/electronic scooter as their mode of transport, it is must to fill out an **Undertaking Form**, available at the school reception. After submitting the form, your child will be given **purple tag**, which must be worn at all time during school hours.

We request your cooperation in this matter to ensure the safety of all students.

Thank you for your understanding and support.

Warm Regards,

Principal
Anjana Iraddi
