INTERNATIONAL PLASTIC FREE DAY – HOUSE-WISE PLASTIC COLLECTION DRIVE

Dear Parent,

Greetings from WISE Indian Private School!

In our continuous effort to instill environmental responsibility in our students, we are excited to launch a **Plastic-Free Campaign** in observance of **International Plastic Free Day**.

As part of this campaign, the school will be organizing a **house-wise plastic collection competition** to raise awareness about the harmful effects of plastic and encourage sustainable practices.

Campaign Details:

- **Plastic Collection Dates:** From **22nd May 2025 to 20 June 2025**
- **Participants:** All students from grades 3- 10
- **What to Bring:** Clean and dry plastic items (bottles, wrappers, containers, etc.)
- **Purpose:** To promote recycling and educate students on reducing plastic use

Each house will collect plastic waste, which will be weighed and recorded. The house that collects the **maximum quantity of plastic** will be recognized for its contribution to this environmental cause.

This initiative is a small but meaningful step towards building a cleaner and greener future. We request parents to support and encourage their children in participating actively in this campaign.

Let us work together to say **NO to plastic** and YES to a sustainable planet!

Warm Regards,

Principal
Anjana Iraddi
