

E-Safety Activity

Day and Date	14-01-2026 (Wednesday)
Topic	Phishing and Scams: Spot the safe
Objectives	<ul style="list-style-type: none">● To help students recognize safe and unsafe emails.● To encourage students to think before clicking and ask a trusted adult for help.
Conducted by	Ms. Madhavi
Participants	Grade 1 and 2 students
Activity	Students participated in a digital learning session that included a video-based activity, “Spot the Safe Email,” and a Nearpod interactive game, “Time to Climb.” Through the video, students learned how to identify safe and unsafe emails and understood the importance of not sharing personal information online. The interactive quiz kept them engaged and reinforced their understanding of online safety in a fun and meaningful way.
Learning outcome	<ul style="list-style-type: none">● Recognize safe and unsafe emails● Understand that personal information and● passwords should not be shared● Ask a teacher or parent before clicking on emails or links
