Dear Parents,

May was truly a month of miracles, filled with joyful celebrations, special activity days, and meaningful learning experiences for our young learners. We began the month with a heartwarming celebration of **Mother's Day, where students expressed their love and appreciation through handmade cards, songs, and creative activities dedicated to their mothers.**

Our celebration of **Book and Language Day encouraged children to explore the joy of reading, storytelling, speaking, and language through engaging classroom activities that helped build confidence and communication skills. Students also actively participated in **International Plastic Free Day**, where they learned the importance of protecting the environment by reducing plastic use and practicing eco-friendly habits through discussions, crafts, and awareness activities.**

The month became even more special with the celebration of **Eid al Adha, during which children learned about the values of kindness, gratitude, sharing, and togetherness through cultural activities and meaningful classroom discussions.**

These special activity days made learning exciting, enjoyable, and memorable, creating wonderful experiences for our enthusiastic young learners throughout the month of May.

Scattered throughout are numerous hearts of different sizes and styles, including solid pink, glittery pink, and small white hearts with pink outlines. A pink ribbon is also visible, looping through the bottom of the card.

Our virtual classroom was filled with love, happiness, and excitement as we celebrated Mother's Day together.

♥ The little ones enthusiastically sang songs for their mothers and created beautiful handmade cards with creativity and care. Watching the children proudly gift their cards to their moms was truly heartwarming. 😊 It was a joyful and memorable celebration filled with smiles, love, and appreciation for all the wonderful mothers. 🌷
