

EARTH DAY

Date and Day	22-04-2026, Wednesday
Objectives	• To create awareness about the importance of protecting the environment and caring for the Earth. • To encourage eco-friendly practices such as reducing, reusing, and recycling through hands-on activities. • To develop creativity and responsibility by engaging in meaningful environmental tasks.
Conducted by	Grade 1&2 Class Teachers
Participants	Grade 1&2 Students
Activity	Grade 1 and Grade 2 students celebrated Earth Day through engaging and creative activities. Grade 1 students made hand cutouts, adding slogans and drawings on ways to protect the Earth, while Grade 2 students participated in a “Trash to Treasure” activity, creating useful items from recycled materials. Students also brought plants from home and together created a beautiful classroom garden, making their environment greener and more vibrant. These hands-on activities helped students understand the importance of protecting the Earth, encouraging eco-friendly habits like reducing waste, reusing materials, and caring for nature.
Learning outcome	Students demonstrated an understanding of environmental conservation by sharing ideas and creating useful items from recycled materials. They showed creativity, responsibility, and awareness of eco-friendly habits, and developed a positive attitude towards caring for plants and keeping their surroundings clean.
