

WORLD ENVIRONMENT DAY

Date and Day	05-06-2026, Friday
Objectives	• Students will understand the importance of protecting nature and keeping the Earth clean. • Students will develop communication and creativity skills by sharing ideas about helping the environment. • Students will learn simple eco-friendly habits such as saving water, and planting trees.
Conducted by	Ms. Sneha
Participants	Grade 1 and 2 students
Activity	World Environment Day was celebrated with enthusiasm by the students of Grades 1 and 2 to raise awareness about protecting the environment. Students participated in a "Plant a Plant" activity, where they planted saplings and learned the importance of caring for nature. They also took part in a "Draw and Tell" activity, creating drawings on environmental conservation and sharing simple ways to protect the planet. The celebration encouraged students to develop eco-friendly habits and become responsible caretakers of the environment.
Learning outcome	Students understood the importance of environmental conservation and demonstrate simple eco-friendly practices to help protect the planet.
