Vision

Every individual student is unique; hence, we are committed to provide a stimulating and nurturing environment that will inspire and empower them to become more responsible, innovative, confident, and well-rounded.

Mission

To empower students to become ethical, intuitive, compassionate, and creative members of the society. We strive to support this by building a more comprehensive teaching and learning method that addresses the forthcoming future.

Dear Parents,

June has been a remarkable month, filled with enriching and purposeful activities that have significantly contributed to our G2 students' academic, social, and emotional development. Each experience was carefully designed to foster curiosity, creativity, and global awareness, while strengthening their connection to both their immediate environment and the wider world.

Students embarked on a cultural journey through the "**Around the World**" activity, exploring different countries and traditions, which broadened their global perspective. The **Eid al-Adha** celebration provided an opportunity to learn about the values of sacrifice, compassion, and unity. In observance of **World Environment Day**, students engaged in eco-friendly initiatives, reinforcing their sense of responsibility towards nature.

As part of celebrating important relationships, our young learners participated in heartfelt activities on **Father's Day**, expressing gratitude and love for their fathers. The **International Yoga Day** session introduced them to mindfulness and physical well-being, promoting a healthy lifestyle.

In addition, students proudly showcased their **talents** in various forms, highlighting their unique abilities and boosting their self-confidence. The month concluded with an enjoyable **school trip**, where students bonded, explored, and learned in a fun, interactive setting.

Indeed, June was a month of joy, discovery, and growth — one that reflected our commitment to nurturing well-rounded learners prepared to engage thoughtfully with the world around them.

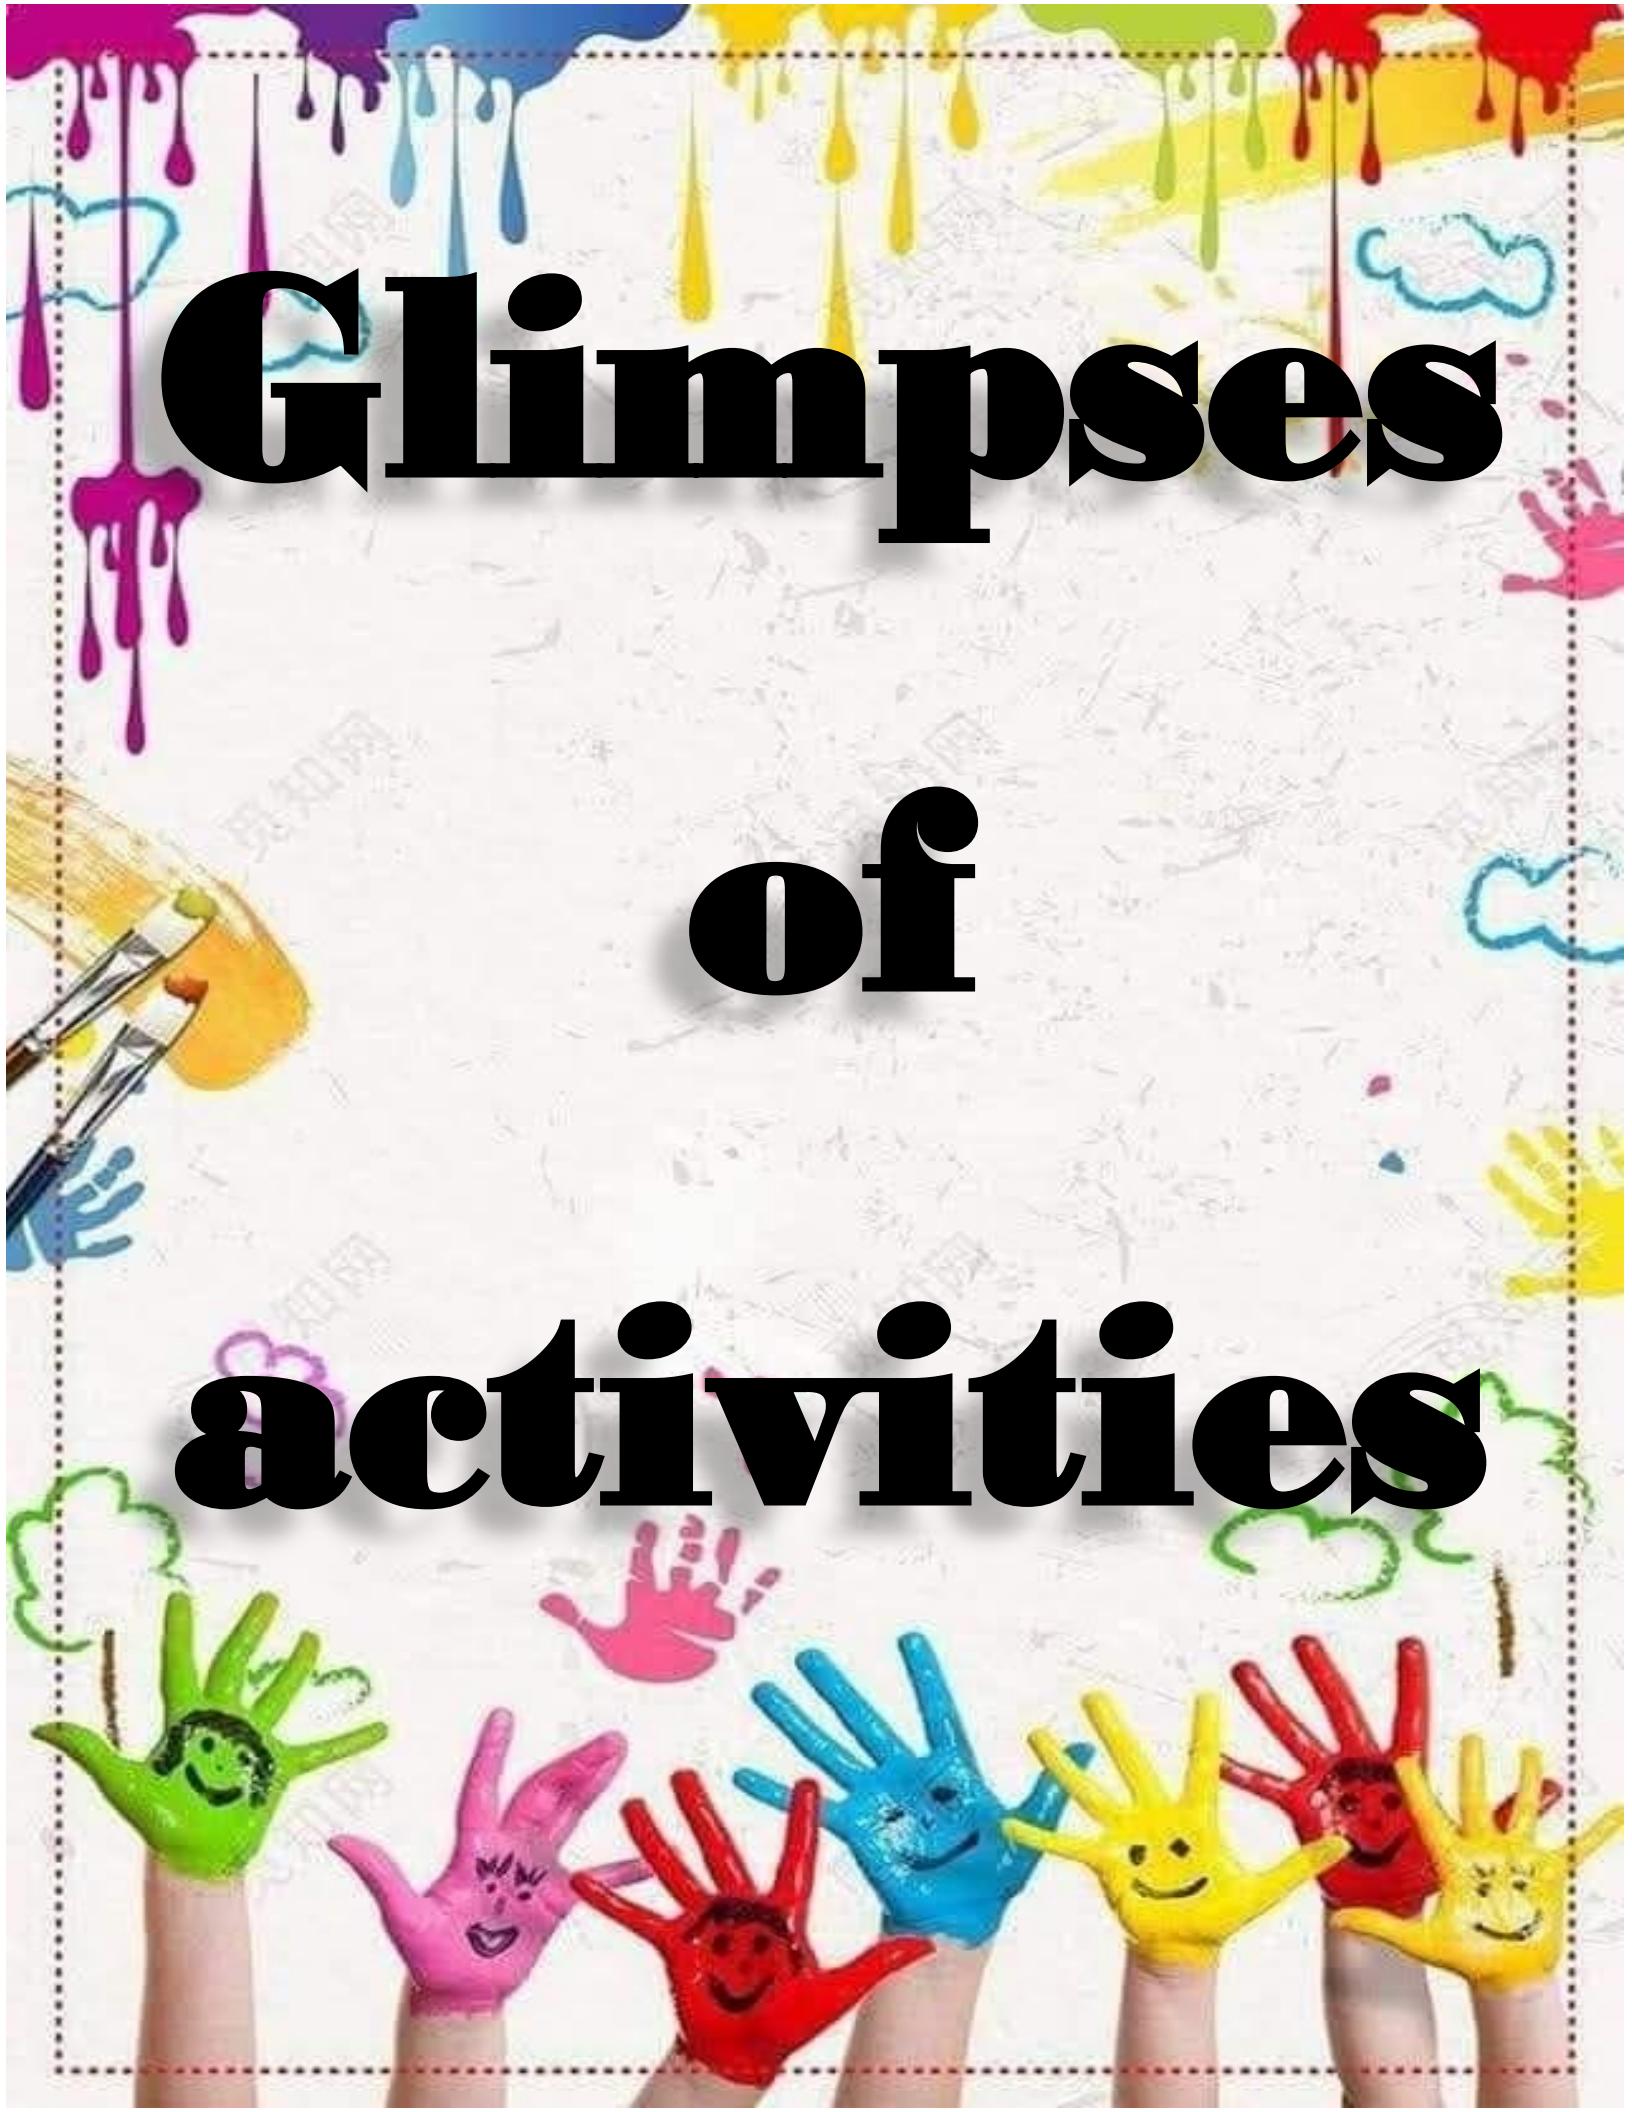

Warm regards,

Class Teacher
