Awesome April 2025

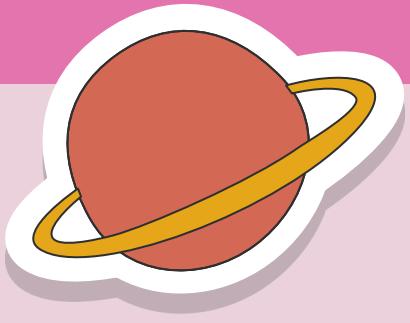

“Learn as if you will live forever, live like you will die tomorrow.” — Mahatma Gandhi

MISSION

To empower students to become ethical, intuitive, compassionate and creative members of the society. We strive to support this by building a more comprehensive teaching and learning method that addresses the forthcoming future.

VISION

Every individual student is unique hence, we are committed to provide a stimulating and nurturing environment that will aspire and empower them to become more responsible, innovative, confident and well rounded.

Dear parents,

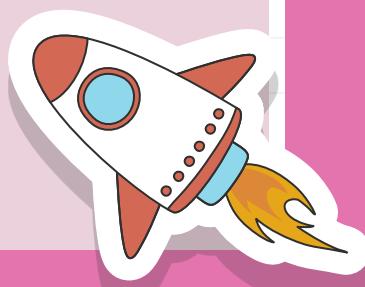

Welcome to the Kindergarten Corner! Our little learners have had an exciting and joyful start to the year, diving into a world of creativity and discovery. From the moment they stepped into our vibrant classroom, filled with colors and new learning tools, the energy has been nothing short of magical.

Every corner of our classroom tells a story, from the colorful artwork adorning the walls to the giggles echoing on the playground. It's clear that our kindergarteners are not only embracing this new chapter with open arms but are also thriving in this wonderful environment. Watching them explore, create, and make new friends brings us immense joy. Each day is a new adventure in learning and growth!

As we look forward to an incredible year ahead, we invite you to join us in this journey. Together, we can support your child's development by continuing their learning experiences at home. Your involvement is key in helping them transition seamlessly into formal education while nurturing their unique talents.

Here's to an amazing year filled with laughter, learning, and endless possibilities!

**With warmest regards,
Class Teacher**

KG Orientation Day

Orientation Day at our school was a lively and heartwarming event, bringing together parents and students as they began their exciting journey of learning and development. Our passionate teachers warmly welcomed the children, creating an inviting environment built on trust and mutual understanding. During an informative session, families were introduced to our rules and regulations, helping to ensure a seamless integration into our school community.

Assembly

On the first day of kindergarten, our teachers organized a delightful assembly filled with warmth and excitement. The program included a heartfelt prayer, the national anthem, cheerful songs, and lively dances, creating a joyful and welcoming start to the school year.

First Day at School

Hello
KINDERGARTEN

My first day at kindergarten was an absolute delight! From exciting painting activities to energetic rhymes, every moment was bursting with happiness and laughter. Stepping into this new adventure was a memorable and joyful beginning! I can't wait to discover all the fun and learning that lies ahead.

Corridor Learning

Kindergarten students eagerly explored learning in the corridor, surrounded by vibrant ABC caterpillars and number snails. Engaged in fun, hands-on educational activities, their faces lit up with smiles as they embraced this playful method of grasping foundational concepts, nurturing a joyful love for learning. This cheerful environment sparked curiosity and encouraged active participation in every child.

Earth Day

KG-1 celebrated Earth Day with lots of joy and excitement. Children wore green and blue costumes to represent the Earth. They took part in a group thumb printing activity on a big Earth outline. It was a fun way to show love for our planet. The day was filled with smiles, colors, and learning!

E-safety Awareness

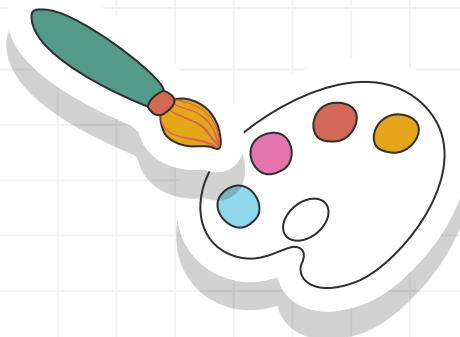

To teach young learners about internet safety, our teachers performed a fun skit during assembly using cute and attractive masks. The skit focused on simple rules like not talking to strangers online , not sharing personal details and telling a trusted adult if something feels wrong. It was an engaging way to help children understand the importance of staying safe online.

May, Upcoming Activities

SL.NO	ACTIVITY	DATE
1	Red day	02-05-2025
2	Book and Language	08-05-2025
3	Mother's Day	14-05-2025
