OUTSTANDING OCTOBER

2025 - 2026

“Success is the sum of small efforts, repeated day in and day out.” – Robert Collier

MISSION

To empower students to become ethical, intuitive, compassionate and creative members of the society. We strive to support this by building a more comprehensive teaching and learning method that addresses the forthcoming future.

VISION

Every individual student is unique hence, we are committed to provide a stimulating and nurturing environment that will inspire and empower them to become more responsible, innovative, confident and well rounded.

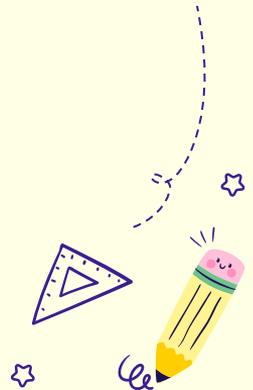

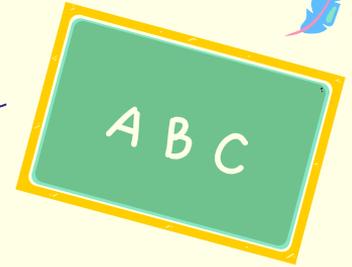

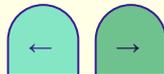

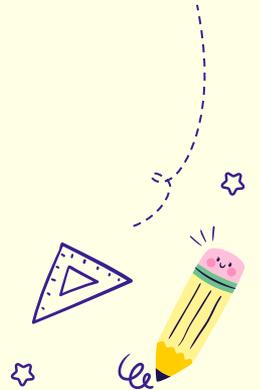

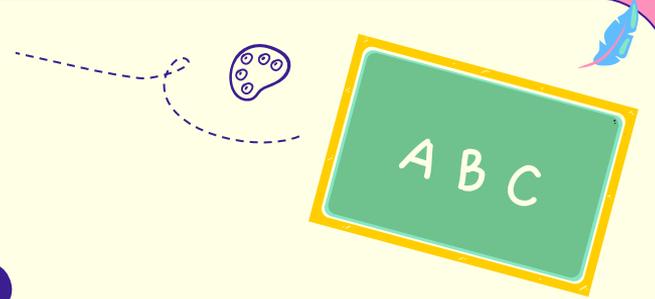

Dear Parents,

October was a joyful month filled with learning, creativity, and celebration! 🖥️ The **Digital Safety Assembly** helped children understand how to use technology safely and wisely. ❤️ On **Pink Day**, they dressed in pink, made lovely ribbons for their moms, and shared heartfelt messages, building confidence and expression. 📅 During **Math Imagination Week**, our young learners explored the **Math Souq**, discovering real-life math concepts through fun, hands-on activities. 🕯️ **Diwali Celebrations** brightened the school with diyas, rangoli, sweets, and smiles, as children learned about culture and teamwork. 🍪 The **Cooking Without Fire** activity was a delightful experience where children prepared tasty nutty crackers while learning healthy habits.

✨ The month truly reflected the joy of learning, creativity, and togetherness—making October a memorable and meaningful time for our little stars! 🌈

GLIMPSES OF ACTIVITIES

Congratulations!

For the month of September, certificates for Reading Hero, Diligent Learner, and Best Orator were awarded to the deserving students of KG 2 . Kudos to all the young achievers for their dedication and excellent performance. Let this inspire everyone to keep learning, working hard, and aim for these awards in the coming months.

Digital Week- Assembly

Our kindergarteners celebrated Digital Week to highlight the importance of technology in learning!. Our children participated with great enthusiasm- they performed a skit and a dance showcasing how digital tools make learning fun and smart!. The event took place during the general assembly, where all our little learners joined together and enjoyed the performances. It was truly a wonderful and engaging session filled with learning and fun!.

Cooking without fire

Our little chefs had a super fun “Cooking Without Fire” session!. The children used crackers, nutella, strawberry, jam, and colorful M&M’s chocolates to make their own crunchy and yummy treats!. Everyone was so excited, mixing, spreading, and decorating their delicious creations with big smiles on their faces!. We took lots of cute pictures of our mini chefs in action it was truly a day full of fun, creativity, and flavor!.

Little Scientists'

Our little scientists had a blast creating rain clouds and watching the “rain” fall!. Real clouds are like big puffs of water droplets in the air. When they get too heavy, the water falls down as rain!. Our experiment showed us exactly that- the shaving foam cloud held the colored water until it got too full, and then the “rain” fell. We're so proud of our KG 2 scientists for exploring and learning about the water cycle!. Keep curious and keep experimenting!.

Diwali Celebration

Our KG 2 kids celebrated Diwali -the Festival of Lights with great joy and excitement!. Children brought decorative items and beautifully decorated their classrooms with colors and lights. They also made paper Diyas and added them to their portfolios. They shared sweets with friends and teachers, danced to music, and enjoyed the day with laughter and happiness!. It was truly a bright and joyful celebration filled with smiles and festive spirit!

Mathimagination

Our little mathematicians proudly opened their very own creative market “Souq Al Hisab”!. The event was inaugurated by our Principal, Vice Principal, and Head of Section- Nandita Ma’am, who started the celebration by purchasing the first items. Their presence and encouragement made the day extra special!. Children beautifully displayed their handmade crafts paper bags, pencil holders, photo frames, glass art, and bookmarks all made with creativity and care. Our young learners turned into promoters, managers, deal-makers, cashiers, and happy helpers, learning and enjoying every moment!. It was a joyful day of learning, teamwork, and creativity, where every child shined bright as a confident little entrepreneur!.

Show And Tell

Our KG 2 kids had an exciting Show and Tell session, where students brought items related to their favorite season. They enthusiastically shared their favorite things, from warm clothing to seasonal treats, and learned about the importance of dressing appropriately and taking care of themselves during different weather conditions. The activity not only encouraged public speaking and confidence but also helped the children develop a deeper understanding of the world around them. We are proud of our little learners for their creativity and enthusiasm.

Pink Day

Our KG1 and KG2 children celebrated Pink Day to spread awareness about love, care, and breast cancer awareness. The little ones looked adorable in pink outfits and lovingly spoke about their mothers, appreciating their care and affection. They also wrote “I love my Mom” and proudly pinned a pink ribbon 🎀 as a symbol of awareness. The day was filled with smiles, warmth, and beautiful pictures celebrating love, care, and kindness!.

SHOW AND TELL

All about UAE

All About the UAE encourages the children to share what they know about the United Arab Emirates. Children will speak 3 to 4 lines with props like:

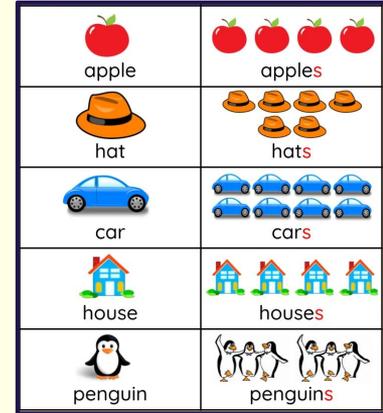

- ❖ Ruler of UAE
- ❖ 7 Emirates of UAE
- ❖ National animal, bird etc.

NOVEMBER SYLLABUS
