

MY SCHOOL (EVS ACTIVITY)

“Tour, Education, and Excitement”

LEARNING OBJECTIVE:

To identify different areas and facilities within the school and understand the purpose of each room and the roles of school staff.

As part of the EVS topic “**My School**,” KG1 and KG2 students participated in an exciting school tour. The children explored various areas of the school, including the Library, Computer Room, Clinic, Music Room, Dance Room, Art Room, the Head of Section’s Office, and the Principal’s Office.

They learned about the purpose of each place and met the staff members who contribute to making the school a safe, caring, and enjoyable learning environment. The tour sparked curiosity and helped children become more familiar with their surroundings.

It was an engaging and meaningful learning experience that encouraged observation, confidence, and a sense of belonging within the school community.

LEARNING OUTCOME:

Children recognized and named different areas of the school and they understood the functions of various school facilities and staff members.
