

RAMADAN KAREEM

Family, Iftar and Suhoor

LEARNING OBJECTIVE:

To introduce children to the meaning and importance of Ramadan.

KG1 and KG2 celebrated a beautiful Ramadan activity with great joy and excitement. The children watched a presentation and a short video about Ramadan, learning about its importance, core values, kindness, gratitude, and the spirit of sharing with others. Teachers guided meaningful discussions and encouraged students to reflect on helping those in need.

Afterwards, our little learners enthusiastically decorated their own crescent moons, expressing their creative ideas through bright colors and imaginative designs.

The classrooms were filled with laughter, teamwork, and pride in their artwork. It was a happy and meaningful morning that combined fun with valuable lessons. We also captured many lovely photos to preserve these precious memories. Parents appreciated the effort and warm festive atmosphere throughout the school.

LEARNING OUTCOME:

Students understood the values such as kindness, sharing, gratitude, and helping others.
