

# REPUBLIC DAY CELEBRATION

## Freedom, Unity and Pride

### **LEARNING OBJECTIVE:**

To encourage creativity and fine motor development through a hands-on hand-printing activity.

KG1 and KG2 celebrated Republic Day with great enthusiasm and joy. The celebration began with an engaging and child-friendly presentation, through which the children learned about the importance of Republic Day in a simple and meaningful way. The visuals and explanations helped the young learners understand the significance of this special day for our country.

Later, the children participated in a fun hands-on activity where they created hand prints in their portfolios. This activity encouraged creativity and fine motor skills while making the celebration more memorable. The classrooms were filled with smiles, laughter, and excitement throughout the event. Many beautiful moments of the celebration were captured through photographs, making the day joyful, lively, and memorable for everyone.

### **LEARNING OUTCOME:**

Children actively participated in the hand-printing activity, improving fine motor skills and creativity.

**DATE: 26-Jan-2026**
