

# **TRIP TO ORANGE HUB**

## **FUN FOOD AND FRIENDS**

### **LEARNING OBJECTIVE:**

To promote social interaction, confidence, and exploration through an educational and recreational field trip.

Our KG1 and KG2 students had a delightful and memorable trip to Orange Hub, Mall of UAQ. The day was filled with fun, excitement, and laughter as the children enjoyed a variety of exciting rides and activities. They explored the play areas with joy and shared happy moments with their friends and teachers. A delicious meal added to the day's enjoyment, giving the children a chance to relax and bond.

The atmosphere was filled with giggles, smiles, and a sense of adventure. This outing provided a wonderful opportunity for the students to create lasting memories outside the classroom. It was truly a fun-filled day that our little ones will cherish for a long time.

### **LEARNING OUTCOME:**

Students experienced teamwork, strengthened peer relationships, and developed confidence in new environments while having fun.

**DATE: 18-June-2025**
