

WELCOME BACK TO SCHOOL

MEMORIES FUN AND FRIENDS

LEARNING OBJECTIVE:

To develop communication and self-expression skills.

The first day after summer vacation was filled with joy, energy, and smiles as our little learners of KG1 and KG2 returned to school. The morning began with a vibrant welcome assembly where teachers presented lively dance and skit performances. The children clapped, cheered, and enjoyed the celebration, creating an atmosphere of excitement, laughter, and belonging.

Back in their classrooms, students eagerly shared stories about their summer holidays—family trips, fun activities, and precious moments spent with loved ones. This activity encouraged them to express themselves confidently while also developing listening skills as they enjoyed their classmates' experiences.

LEARNING OUTCOME:

Students confidently narrated holiday experiences.

DATE: 25-Aug-2025
