

YELLOW DAY

SUN WARMTH AND JOY

LEARNING OBJECTIVE:

To encourage kindness and friendship among peers..

Yellow Day was a bright and cheerful celebration with our KG1 and KG2 children. Dressed in vibrant shades of yellow, the children looked like little rays of sunshine. They worked together to make fresh lemonade, filling the room with joy and the sweet scent of lemons. During Show and Tell, each child proudly shared their favorite yellow toy, building confidence and communication skills. A special Friendship Activity followed, where children exchanged hugs based on colored hearts, spreading warmth and kindness.

The day was filled with laughter, love, and meaningful connections, making Yellow Day truly unforgettable.

LEARNING OUTCOME:

Identified and described objects associated with the color yellow.
